

ask by yesterday he told. ECMAScript → 1998
 Try out in lab today
 23/09/2026

- 1) Func pging → hoisting
 2) DOM & window methods → func as param and return

- 1) • let → local scope func } sayHi();
 • var → not to use in func!

Typescript → ECMAScript default 2008
 ECMAScript choice 2015
 ↓
 ES6
 ↓
 JS

// ECMAScript → const.
 const x = 100;

// func as return rare
 use var = func!
 → try ==> } redux
 // 1:0

// func as param
 callback; } web
 api

// Literal Syntax → lookup before 2009. 5

// Constr Func Syn: → After 2009. 6

// class key word: → Class After 2015 new
 try

// title // get elem by class
 // class name
 // get by tagName

// radio and Selected value
 // set def = kya kr rha hai
 // set time out → set interval

// client APL func of browser
 // HTML → browser working

clearInterval(↑)
 clearInterval(↑)

// alert.
 // multiple.
